

Retirement Income Planning Worksheet

Build a comprehensive plan —

A straightforward resource to help gather the data you need

- ▶ Use this simple worksheet to get started on your retirement income plan

Your advisor can then help you create a realistic retirement income plan to help ensure that your income lasts as long as your retirement.

Name(s)

Date

Gather your personal and financial data

This first step involves estimating anticipated expenses and taking an inventory of potential sources of income. You'll also want to collect information about your family situation, identify your investing approach, and rate your tolerance for risk—all of which can help shape your income plan.

PERSONAL INFORMATION

Name: _____

Male Female Date of Birth _____ Retirement age _____

When do you plan to start receiving Social Security retirement benefits? (if known) _____

Include a partner or spouse in your plan? Yes No

Spouse/Partner's Name: _____

Male Female Date of Birth _____ Retirement age _____

When does he/she plan to start receiving Social Security retirement benefits? (if known) _____

INVESTMENTS & RISK

If the markets were to decline in value early in your retirement, what would you do?

- Not sell, and stay with my long-term plan
- Sell most of my risky investments and buy more conservative ones
- Sell a majority of my portfolio and buy more conservative investments
- Sell my entire portfolio and remain in cash until the market recovers

Based on your tolerance for fluctuations in the market, as well as your overall investment goals, how comfortable are you with risk in your portfolio?

MORE RISK

LESS RISK

- 
- Risk is not a concern
 - Comfortable with higher-risk investments
 - Somewhat comfortable with risk
 - Prefer moderate risk
 - Comfortable with mostly lower-risk investments
 - Prefer low-risk investments

Identify existing and potential sources of income and assets

List the income sources you will use to fund your retirement, as well as any assets and accounts you may have that could be converted into income.

Estimate your anticipated retirement expenses

Envision your life in retirement, and think about the expenses you will—or might—incur. Taking into account your lifestyle and goals, identify which expenses are essential (must have) to differentiate them from those that are discretionary (nice to have).

Record your estimated monthly retirement expense, and indicate whether it is essential and if it will vary.		AMOUNT (\$)		IS IT ESSENTIAL? YES	WILL IT VARY? YES	NOTES

Meet with your advisor to develop a retirement income plan

In gathering this data, you have laid the foundation on which your retirement income plan can be built. Now it's time to work with your advisor to create a retirement income plan that:

- Covers essential expenses with existing dependable income sources, such as Social Security and pensions
- Funds discretionary expenses with other financial assets, including 401(k)s, IRAs, and taxable accounts
- Provides an asset management strategy to help ensure that your income can last a lifetime
- Builds in contingencies to address key risks that retirees face, such as outliving their assets, inflation, asset allocation, excess withdrawals, and health care costs
